Company profile

NINGBO ZHONGXUAN ELECTRONIC TECHNOLOGY CO.,LTD

The company is a high-end automotive spark plug professional manufacturer. The existing standard workshop is more than 12000 square meters, a number of advanced complete automatic production lines, production capacity and production technology has reached the industry leading level. The enterprise has passed the IATF 16949 quality management system standard, ISO9001, and other system certification.

The company has mature Japanese cold sealing technology and galvanizing technology, nickel to ensure superior product performance and exquisite appearance. Also with many years of research and development experience in turbocharged special spark plug technology.

The production of iridium, platinum, double platinum, iridium platinum, double iridium and other precious metal car special type spark plug, over 230 types. Annual output is more than 9,000,000 pcs. The company has more than 80 R&D sales and after-sales personnel. The product quality is constantly improved after years of research and development.

At present, the company has become partner with many domestic auto parts brand chain enterprises, large auto parts dealers, and OEM customization for products with influence brand in China. At the same time, the company cooperate with the world's top three OES company, the products are exported to Germany, Poland, Russia, United States and so on.
